

THE MIKE GRACE SCHOLARSHIP

Established in Memory of

Mike Grace

1921-1983

The Mike Grace Scholarship Award has been established to recognize high achievement in the area of vocational education. Established in 1983 by the Industrial Coordinating Division of the Williamson County Chamber of Commerce, the award is given to memorialize Mike Grace, APCOM founder. Mr. Grace was a strong advocate of vocational education and until his death in 1983, worked tirelessly in support of these programs.

To be eligible, seniors of any Williamson or Putnam County School must have accumulated a minimum of four (4) credit hours in vocational areas by the end of the senior year. The Mike Grace Scholarship recipient must make application to and be accepted by the post-secondary institution of his or her choice. The award is made with the understanding that the student will be using the monetary award to further post-secondary education. The Mike Grace Scholarship is a four-year scholarship. The recipient will be eligible to renew the scholarship for three (3) additional years if the recipient maintains the scholarship criteria for renewal. The Mike Grace Scholarship Award is \$3,000 per year for the each recipient.

This award is given in the hope that the recipients will, in the future, become contributing members of the community in their vocational area.

The selection committee will consider academic excellence, school citizenship, leadership roles and participation in school-related activities as well as the student's community involvement. The committee will give substantial weight to any employment the student may have had during their school years, recognizing that the future of the community depends upon the extent of the participation of its citizens.

Applications should be submitted to your guidance counselor no later than April 2nd. Guidance Counselors should return applications to APCOM no later than April 9th.

Send Applications to:
